## *July 2nd*

Dedicated to all things pole vaulting, the symposium is a great way to learn more about the vault. Included is a Factory Tour, Q+A with elite vaulters, talks from Gill engineers, collegiate coaches, and elite vaulters. All this is followed by a BBQ social where you can get up close and personal with speakers and vaulters from the day.

## *July 3rd*

The main event! Last year around 100 vaulters competed over the course of day. Multiple board runways and several flights keep things moving quickly and there is also an elite competition for the best of the best. DJ music, concessions, souvenirs, autographs with Team Pacer, a pole raffle, and much more!
